

## **FutureShift (“Company”) Manual to Accessing Information (“Manual”)**

This Manual has been prepared in terms of section 51 of the Promotion of Access to Information Act 2 of 2000 (“PAIA”) and updated in the light of the Protection of Personal Information Act 4 of 2013 (“POPIA”).

1. Introduction
  - 1.1. This manual is for the Company.
2. Purpose of PAIA
  - 2.1. PAIA is an act that was passed to give effect to the constitutional right, held by everyone in South African, of access to information which is held by the State or by another person and which is required for the exercise or protection of any right. Where a request is made in terms of PAIA, the body to which the request is made is obliged to give access to the requested information, except where the Act expressly provides that the information may or must not be released.
  - 2.2. It is important to note that PAIA recognises certain limitations to the right of access to information, including, but not exclusively, limitations aimed at the reasonable protection of privacy, commercial confidentiality, and effective, efficient and good governance, and in a manner which balances that right with any other rights, including such rights contained in the Bill of Rights in the Constitution.
  - 2.3. POPIA was enacted in November 2013, to promote the protection of personal information processed by public and private bodies. POPIA amended certain provisions of PAIA, balancing the need for access to information against the need to ensure the protection of personal information.
  - 2.4. This PAIA Manual is useful for the public to-
    - 2.4.1. check the categories of records held by a body which are available without a person having to submit a formal PAIA request;
    - 2.4.2. have a sufficient understanding of how to make a request for access to a record of the body, by providing a description of the subjects on which the body holds records and the categories of records held on each subject;
    - 2.4.3. know the description of the records of the body which are available in accordance with any other legislation;
    - 2.4.4. access all the relevant contact details of the Information Officer and Deputy Information Officer who will assist the public with the records they intend to access;
    - 2.4.5. know the description of the guide on how to use PAIA, as updated by the Regulator and how to obtain access to it;
    - 2.4.6. know if the body will process personal information, the purpose of processing of personal information and the description of the categories of data subjects and of the information or categories of information relating thereto;
    - 2.4.7. know the description of the categories of data subjects and of the information or categories of information relating thereto;
    - 2.4.8. know the recipients or categories of recipients to whom the personal information may be supplied;
    - 2.4.9. know if the body has planned to transfer or process personal information outside the Republic of South Africa and the recipients or categories of recipients to whom the personal information may be supplied; and
    - 2.4.10. know whether the body has appropriate security measures to ensure the confidentiality, integrity and availability of the personal information which is to be processed.
3. Guide to PAIA
  - 3.1. The Regulator has, in terms of section 10(1) of PAIA, as amended, updated and made available the revised Guide on how to use PAIA (“Guide”), in an easily comprehensible form and manner, as may reasonably be required by a person who wishes to exercise any right contemplated in PAIA and POPIA.
